Direct Settlement Network – South East Asia

Asia Care Plan

Direct Settlement Network

In order to provide our clients with the best possible medical care and service, Goodhealth has developed a network of medical practices across South East Asia at which clients holding the Asia Care Plan membership card may receive medical treatment which will be settled partially by us to the clinic.

When visiting any of the doctors surgeries within the network, please follow the procedures listed below:

1. Present your Asia Care membership card and proof of identification to the receptionist **prior** to the consultation
2. Sign the treatment voucher / claim form to acknowledge receipt of the treatment following the consultation
3. Settle any co-insurance, or excess payments with the clinic **prior** to leaving. The Asia Care policy carries a 20% co-insurance for out-patient treatment as standard. Therefore, unless otherwise stated, you should settle 20% of the total bill prior to leaving the clinic.

For example, total bill is \$300.00, we will pay \$240.00 direct to the doctor and you pay \$60.00 following your treatment and **prior** to leaving the clinic.

IMPORTANT NOTES

- i) The direct settlement network is not to be used to obtain any treatment, which falls outside the scope of your policy. Abuse of the network facility and membership card may result in the suspension or immediate cancellation of your policy. Please refer to your Application Form and the Policy Wording for further details regarding the suspension & cancellation procedures.
- ii) The direct settlement network covers only the standard Outpatient treatments (namely GP consultations and prescribed drugs).
- iii) Should you require treatment as a day patient or in-patient please contact Goodhealth's Claims Service or our 24-hour Medical Helpline directly to arrange direct billing.
